Our hints for the tasks

1 from 6

Which shape is partitioned into three equal shares?

1. Hint

Look for a shape partitioned into 3 pieces.

2. Hint

Make sure all 3 pieces are equal in size and take up the same amount of space.

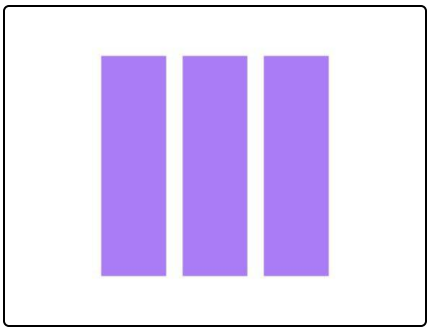
Solutions and solution approaches for the tasks

1 from 6

Which shape is partitioned into three equal shares?

Answer key: D



This square is partitioned into three equal shares because there are 3 pieces of equal size and shape.
