Who gathered the most blueberries?

Place the correct symbol between the bowls.

Skylar and Henry thought it would be a good idea to collect more blueberries in case Dundee came back again!

They have both collected a bowl full of blueberries, but who collected the **most**?

Compare their amounts and place the **correct symbol** between the bowls.

124

217

Who gathered the most blueberries?

Answer key: <

Henry had collected **more** blueberries!

We start comparing the numbers in the **hundreds** place. We see that **200** is **greater than 100** so we know that **217 is greater than 124**.

We then put < in between the bowls to show that **217 is greater than 124**.
