Adding Using Chart

| 1 | Show how to add on a 100 chart. |
|---|---|
| 2 | What are the steps for adding on a 100 chart? |
| 3 | Solve an addition sentence using a 100 chart. |
| 4 | Determine the sum of an addition sentence. |
| 5 | Identify the sum of an addition sentence using a 100 chart. |
| 6 | Calculate the sum of each addition sentence. |
| + | with many hints, answer keys, and solution approaches for all tasks |

The complete package, **including all tasks**, **hints**, **solutions**, **and solution approaches**, is available to all subscribers of sofatutor.com

Show how to add on a 100 chart.

Count up by highlighting to find the sum.

Demonstrate how to solve 50 + 6 = ? with the 100 chart.

Find the smaller addend. Count up this amount from 50 to find the sum. Highlight each number you count to find the solution.

Our hints for the tasks

Show how to add on a 100 chart.

1. Hint

The addends are 50 and 6. The bigger number is already highlighted on the 100 chart.

2. Hint

The smaller addend is 6. Count up from 50 to find the sum.

3. Hint

Remember, you read a 100 chart like a book: from left to right!

Solutions and solution approaches for the tasks

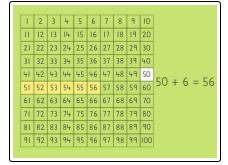

Show how to add on a 100 chart.
